

Third Class Work

Week Beginning June 2nd

This week is Water Safety Week in the school. The message is

WATER IS FUN – BUT YOU NEED TO BE CAREFUL AROUND IT.

We have included lots of activities to help children learn how to stay safe when near water in the home, in pools, beaches, on farms, near rivers and canals.

Kindest Regards,

Third Class Teachers

We recommend that the following work be completed daily:

- Exercise
- 1 day of New Wave Mental Maths & problem solving
- 1 day of Table Toppers
- Read a book of their choice
- Complete 2 pages of the handwriting workbook per week
- School Hub on RTÉ at 11 o'clock (also on RTÉ Player)

Here are this week's challenges. Please remember that this is suggested work and it is up to you as a family to decide how much or how little to do.

1. Water Safety

2. Design a Poster

3. Capacity

4. English

1. Water Safety (file attached)

Please read Primary Aquatic Water Safety 3 (PAWS 3) file on Class Story. PAWS 3 includes information on how to:

- Stay water safe at home
- Deal with emergencies
- Stay water safe on farms
- Stay water safe at the pool
- Stay water safe at the beach
- Stay water safe on boats
- Recognise safety signs in relation to water

Games: When you have read PAWS 3 please go to the following website

<http://paws.edco.ie/third-and-fourth-classes/>

On the website there are fun games and activities to see how much you have learned about water safety. Are you a PAWS Hero?

Quiz: Challenge yourself on a quiz specially created for our school on [kahoot.it](https://www.kahoot.it) The Game PIN is 05502983. Have lots of fun!

2. Design a Water Safety Poster

Using everything you know about water safety, design a poster telling people how to keep safe in the water. Your poster could be about general water safety or specific to a certain type of water, such as swimming pools or the beach. Decide whether your poster should be aimed at young children, older children or adults.

3. Capacity

Activity 1

Colour the Measuring Jug

Colour each jug to show the correct volume.

 Example: 3ml	 9ml	 6ml
 2ml	 16ml	 8ml
 45ml	 30ml	 35ml
 90ml	 50ml	 30ml

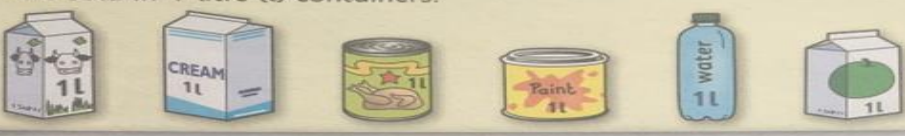

Challenge: Circle the **two** jugs with the **same volume** of liquid, then put a tick next to the jug with the larger overall capacity. Explain how you know.

Activity 2

Play Capacity Countdown <http://www.ictgames.com/mobilePage/capacity/index.html>

Activity 3

Many items are sold in 1 litre (l) containers.

1. Estimate if the following containers hold: **>1l**, **about 1l** or **<1l**.
Use a 1l jug and water to check.

Container	Estimate			Measure
	>1l	About 1l	<1l	
(a) Vase	✓			>1l
(b) Teapot				
(c) Bowl				
(d) Egg cup				
(e) Saucepan				
(f) Ladle				
(g) Glass				

Look! The vase holds much more than 1l!

4. English

Water Safety Activity Task One

Some people on this beach aren't being safe around water. Circle all the dangers you can see.

Explain what you have circled and why. Write about how each situation could be made safer.

Sun Safety

Seek	hat	Slide
water	Slip	important
Slap	unwell	Slop

1. It is _____ to stay safe in the sun.
2. _____ on clothing that will protect you from the sun.
3. _____ on some sunscreen.
4. _____ on a broad-brimmed _____.
5. _____ some shade. Sit under a tree or use an umbrella.
6. _____ on some sunglasses to protect your eyes.
7. Always drink plenty of _____ on hot days.
8. Tell an adult if you feel _____ and sit in the shade.

Writing

1. Write a story using these words: sunny, tall, safe, outside, happy, hot, open, near, down, young.
2. Underline these words in your story.
3. Now rewrite the story changing these words to their opposites. So 'sunny' will become 'cloudy', 'tall' will become 'short' and so on.
4. Does the story still make sense? Is it better than before? Is it funnier now?

5. Well-Being

Here are two mediations you can listen to and relax.

Seaside Relaxation
